

Description

Specially designed adhesive foam tape for effortless masking of edges. Quick and easy placement on edges due to flat design of semi-rigid foam.

Features & Benefits

- perfect edge finish
- no adhesive residue
- with protective paper roll

Technical Properties

- temperature resistant up to 95 °C/203 °F
- width 15 mm, length 25 m

Application

The foam is being used for covering gaps between doors and fixed body parts in order to prevent the paint mist getting into these gaps. Due to specially designed edges and foam absorption capabilities the spray passages are not sharp.

Clean the surface before the gluing. Then remove the paper glue protection from the foam and glue it to the desired location. Once the painting process is finished and the coat is dry remove the foam.
