### General notes

When in doubt or if feeling unwell seek medical assistance. In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).

#### Following inhalation

Remove patient to fresh air - move out of dangerous area. If victim is not breathing give artificial respiration. If symptoms develop and persist, seek medical attention.

#### Following skin contact

Wash affected skin areas thoroughly with plenty of water and soap. Immediately remove contaminated clothing. If symptoms develop and persist, seek medical attention.

### Following eye contact

Immediately flush eyes with running water, keeping eyelids apart. If irritation does not stop, seek professional medical treatment!

#### Following ingestion

Do not induce vomiting without prior consultation with a doctor. Immediately consult a doctor.
