

3055 Starcut Gold

Efficient abrasive paper

Efficient sanding paper with versatile material compatibility. Flexible latex-treated paper backing for a smooth finish and durability. Offers a strong initial cut and extended lifespan for cost-effectiveness.

- ▶ highly efficient cutting performance
- ▶ latex-treated backing paper
- ▶ uniform finish
- ▶ simple attachment with Velcro

Abrasive minerals:
premium AlO

Even and smooth
finished surface

Diameter: 150 mm,
15 holes

3055 Starcut Gold

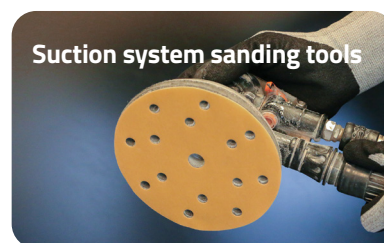

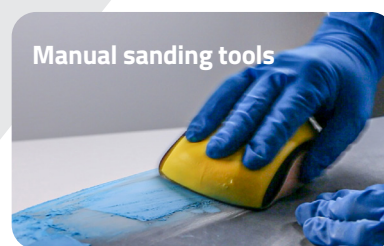

Efficient abrasive paper

Description:

The 3055 Starcut Gold offers good quality and efficiency. It is designed to deliver solid performance and durability in applications across various materials. Latex-impregnated paper enhances performance and resistance to deformation, ensuring flat and perfect finish. The electrostatic application of abrasive crystals ensures uniform crystal orientation, leading to prolonged lifespan, consistent cut and smooth finish.

Featuring a distinctive golden-brown colour and advanced materials, the 3055 Starcut Gold is an excellent choice for professionals looking for reliable, durable and cost-efficient sanding material.

Intended use:

Technical information:

Backing	Latex-impregnated paper
Mineral type	Aluminium oxide
Binder	Two-phase resin system
Application of abrasive particles	Electrostatic application
Coating	Stearate
Coating structure	Semi-open system
Fastening	Velcro system

Packaging:

	ø 150 mm	Box, 100 pcs	P80 - P800
	ø 200 mm	Box, 100 pcs	P80 - P400
	115 x 230 mm	Box, 100 pcs	P80 - P400
	70 x 420 mm	Box, 100 pcs	P80 - P400
