

# 3205-3215 Moxi Pads

**silco**<sup>®</sup>

## Polishing pads

High quality polishing pads of different structure and hardness intended for all types of polishing (from rough to fine) in the automotive, nautic and other industrial sectors.

- / usable with classic rotary polishers and polishers with random orbital movement
- / 3 sizes of polishing sponges (90, 145 and 170 mm)
- / extremely durable and compact material with open coat structure for better cooling
- / sliced stucture (white and yellow sponge) for more efficient polishing
- / velcro fastening

**3205  
COARSE**

Used with:

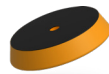

3200  
3201

**3210  
MEDIUM**

Used with:

3200  
3201  
3202

**3215  
FINE**

Used with:

3202

Prod. Nr.	Dimensions
-----------	------------
