7019 Workshop Seat

Height Adjustable Seat with Wheels

Description:

Workshop chair allows you to easily move around the workshop. At the bottom, there is a stable steel base, which also includes four removable trays for storage.

Features:

QUICK HEIGHT ADJUSTMENT

The gas cylinder allows quick and easy height adjustment.

4 REMOVABLE STORAGE TRAYS

Steel base with four removable trays to keep tools and materials within reach.

EASY WORKSHOP MOVEMENT

Four rotating wheels for smooth and stable movement around the workshop.

COMFORTABLE PADDED SEAT

Upholstered 310 mm seat for greater comfort while working, shielding against paint mist.

150 KG LOAD CAPACITY

Strong and stable construction with a load capacity of up to 150 kg.
