

## 8020 Rim Power Pro, Highly Concentrated Acidic Cleaner

Ver.: 2021-6

### Description

Concentrated rim cleaner with a high concentration of acids, corrosion inhibitors and surfactants. It effectively removes metal oxides and stubborn dirt. Suitable for manual washing highly contaminated rims and truck covers.

### Features & Benefits

- removes metal oxides and stubborn dirt
- truck and truck covers washing

### Characteristics

Appearance	Liquid
Colour:	Orange
Perfume:	Characteristic
Density (20°C):	~ 1.21
pH:	~ 2.07

**\* Warning: Use with caution on painted surfaces, rubber and brake systems.**

### Mixing ratio

1:10 (10%) – 1:15 (6.7%) rim cleaning, washing highly contaminated truck covers and trucks

### Applications and method of use

**8020 Rim Power Pro** can be used in variable concentrations from 10% to 6.7% based upon dirt quantity and time needed by cleaning operations. Applied by using sprayer made of plastic materials (acid resistant) and removed with a pressure washer, sponges or brushes.

Do not apply the pure product on sun-exposed glasses or crystals because some acids that are necessary for the protection of Aluminium can damage them. The product can damage zinc plating and quartz or concrete flooring. It is recommended to apply it on flooring covered with epoxy resins.

**\* Caution: Avoid self-drying of the solution after application.**
