- High-Torque Rotary Polishing
- Rotary Sanding

9910 Cordless Mini Polisher

4-in-1 Polisher Set

Description:

Compact and versatile cordless mini polisher set designed for precise polishing in hard-to-reach areas. Thanks to its 4-in-1 system, it allows rotary, orbital and fine finishing applications with quick and easy attachment changes. Ideal for polishing bodywork details, pillars, bumpers, wheels, headlights, interior surfaces and other narrow areas.

The brushless motor ensures high efficiency, low vibration and long service life, while the ergonomic compact design provides excellent control and comfortable handling during operation.

Features:

- / 4-in-1 multifunction polishing system
- / Cordless operation for maximum freedom of movement
- / Compact and lightweight design
- / Powerful brushless motor
- / Quick attachment and backing plate change system
- / Perfect for hard-to-reach areas
- / Low vibration and excellent control
- / Rotary and orbital movement
- / Fast battery charging

Set includes:

- Toolbox
- Dual charger
- Batteries (2pcs)
- Working heads
- Backing plates & wrenches
- Polishing pads & sponges
- Output shaft adapters & extension rods
