

UniMix 40

Automotive paint system

English

silco[®]

The alpha choice.

QUICK. PRODUCTIVE. SUPERB.

Perfect paint for perfect finishes

Reduced paint
consumption

Full opacity reachable
with 21% less paint.

Large number of
colour formulas

More than 120.000
formulas, including
for old-timers,
motorcycles and
commercial vehicles.

Perfect and
spotless surface

Immaculate smooth
surface for less clear
coat consumption.

Perfect colour
matching

8.000+ colour
chips sprayed with
original paint.

PERFECT FROM EVERY ANGLE

Simplicity meets efficiency

Basecoat system

High-quality automotive paint system including the latest colour formulas.

Easy basecoat denib.

Even application of silver tones with no tendency for clouding.

Smooth and silent operation.

2K Topcoat system

Durable high solid paint with deep gloss.

Fast drying time.

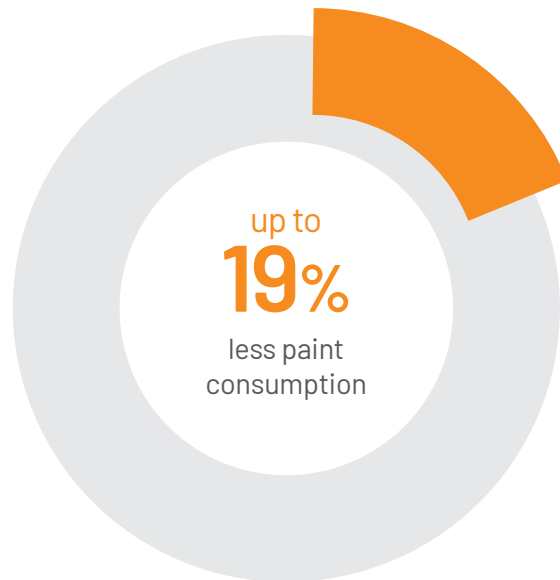

High UV and weather resistance.

Stirring required due to significantly higher concentration of pigment to achieve a consistent distribution.

BOOST YOUR BODYSHOP PERFORMANCE

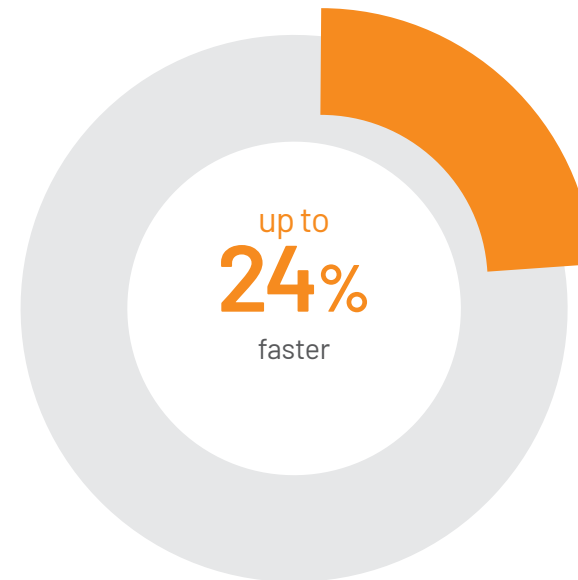

Less paint, faster repair, more profit

Optimal paint consumption

With superior opacity, UniMix 40 will save up to 19% of paint compared to the average paint systems on the market.

Shorter painting process time

With faster drying and fewer coats needed, UniMix 40 will save up to 24% of average application time.
