

*Perfect Refinish Within Minutes™*

***silco***®  
AUTOMOTIVE

Here at  
SILCO,  
we are...

... specialists who live for state-of-the-art bodyshop products.

We spend a great deal of thought developing innovative products and solutions that are based on bodyshops' needs and requirements. This means that also you benefit from higher quality and improved effectiveness in your work.

Our end goal is to ensure that your customers are completely satisfied when they collect their vehicle from your shop. We provide a comprehensive range of products along with the products we develop and sell ourselves – the Silco brand is your guarantee for all your purchases.

We are firm  
believers in  
everything we do!

We are dedicated to our work. We demonstrate our expertise not only through our highly responsive and efficient support to bodyshops but also by producing advanced products and refined solutions.

Here at Silco, our experts always find the answer.

THE  
SILCO  
TEAM

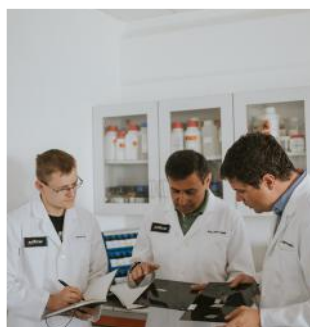

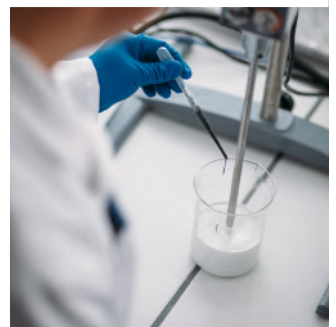

We develop  
innovative  
products  
customised for  
bodyshops.

We listen to your needs and proposals.

With over 300 products developed in our laboratories, our ability to innovate is well proven.

Customers from over 30 countries around the world put their trust in us.

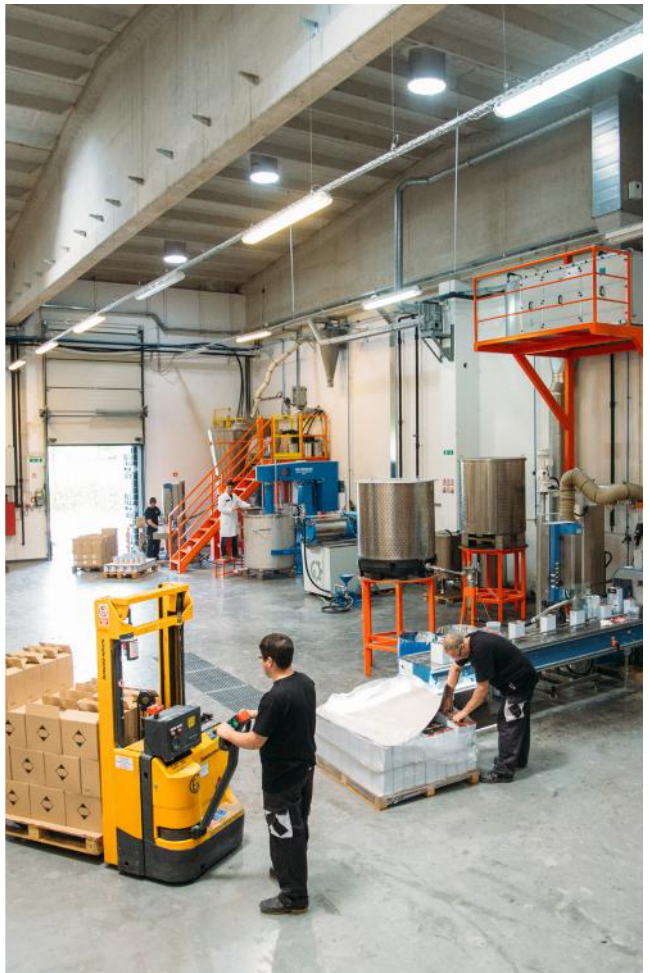

**SILCO**  
**R&D**

# Whatever we envisage, we produce and deliver!

We invest in the latest technologies. Our advanced production procedures serve as the basis for all Silco products.

This allows us to regulate and control all phases of the production process. By using our own production facilities, we can guarantee efficiency and the ability to adapt to our customer's needs.

## SILCO PRODUCTION

SFR - Award Winning Technology

We are continuously improving our range of products and services.

Our comprehensive range of bodyshop products makes us a one-stop shop supplier, bringing together over 300 products from our own production and around 700 other products that come with a Silco brand guarantee.

We ensure flawless and effective body repairs at your shop, incorporating high-level productivity and ensuring the best performance of the material combinations used. We help you keep your customers happy.

**SILCO  
BRAND**

We improve with each passing day – so you can be the best you can be!

We feel satisfied and happy only when you are satisfied, too.

Therefore we provide professional consultancy and technical support, ensuring that you operate at maximum efficiency and productivity. We are proud of every flawlessly executed bodywork repair carried out at your bodyshop.

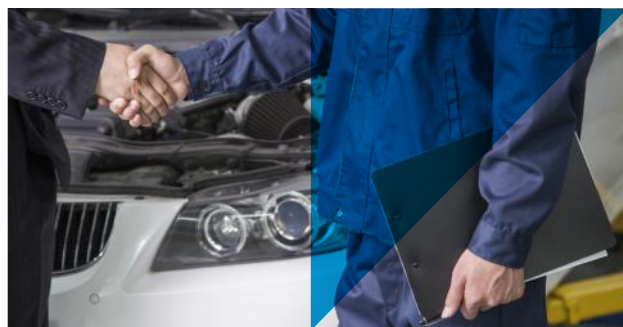

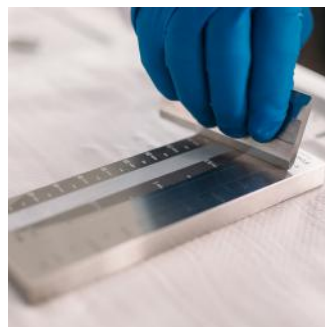

**SILCO  
SUPPORT**

We guarantee the quality all the way from the raw materials used to the label on the product.

Each step in the production process is well-considered and carried out according to carefully planned procedures.

Since we only use the best raw materials, have the most precise production procedures and test every single batch produced, we can guarantee that Silco branded products provide the highest possible level of reliability.

**SILCO  
GUARANTEE**

We share our  
knowledge and  
experience.

We carry out professional training courses at our state-of-the-art training centre, where we run presentations on techniques and technology and teach sales and leadership skills. These are the areas where we can enhance your knowledge and search for solutions together, all for the purpose of making you even better at what you do.
